

THERMAL FACE®

ZTF-215 is a CoVid19 contagion containment device in the form of an Ad Kiosk with Auto-dispenser

ZTF-215 infra-red sensor checks body temperature

It does not require face registration before use

Contributes to the implementation of anti-contagion security protocols

Verbal and visual messaging to indicate normal or abnormal temperature recording

Web and Desktop based Content Management Software solutions available

Indoor & Outdoor brightness screen types available

Wi-Fi and Ethernet connectivity for updating display slideshow

ZTF-215

Thermal Scanning Face AdKiosk

DETECTION OF BODY TEMPERATURE

CoVID19 has proved to be a devastating illness worldwide. With employers and organisations trying to return to their normal level of activity whilst recognising the need to limit the spread of the disease into their spaces. Our Thermal Face® range of devices provide an effective means of measuring an entrants temperature in a non-invasive and easy manner. ZTF-215 appliance quickly and easily checks body temperature, without prior training or registration.

ZTF-215 is equipped with an infra-red temperature sensor, hd camera and an 21.5 inch IPS LCD colour screen. The user is guided to position the face before temperature measurement is taken.

Users will be informed of their temperature and whether normal or abnormal both visually and vocally by the appliance.

The temperature is measured at a distance of 0.5 metres with a maximum error of ± 0.5 °C

Location Scenarios

- ◇ Shop/Restaurant Entrances
- ◇ Staff Entrances
- ◇ Reception Areas
- ◇ Hospitals/Clinics
- ◇ Pubs/Clubs

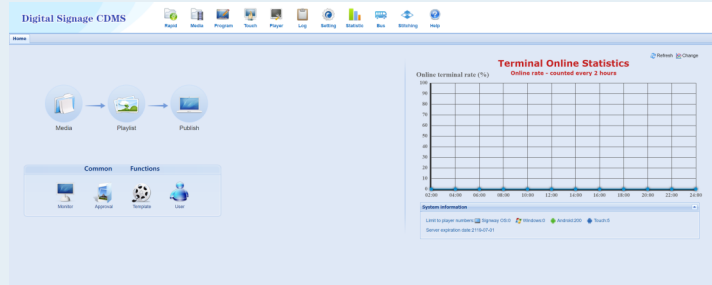

Any entrance, especially where persons are queueing providing a captive audience for advertising as well as providing CoVID19 advice and guidance.

Users may be advised to not enter the premises if an abnormal temperature is found.

Floor Stand Option

Content Creation and Management S/W Solution

ZTF-215 On Floor Stand with Auto Dispenser

TECHNICAL SPECIFICATIONS

DISPLAY <ul style="list-style-type: none"> • 21.5" IPS LCD Screen • Resolution: FHD 1920 x 1080 • 16 x 9 Display Ratio • Viewing Angle 178° (H/V) • Colour: 16.7M • BackLit LED, Contrast 1500:1 • Brightness 250—1000nts (dependent on model) • Capacitive Touchscreen (Optional) 	PHYSICAL CHARACTERISTICS <ul style="list-style-type: none"> • Material: Steel, Powder coated, metal back plate • Operating temperature: from 0° up to +50° C • Size (H x W x D): 1055mm x 380mm x 231mm • IP54
VIDEO <ul style="list-style-type: none"> • Dynamic colour camera • Infrared thermal camera 	SANITIZER <ul style="list-style-type: none"> • Automatic Dispenser • 1L or 3L Capacity Tank • Automatic Notification of Low Level
TEMPERATURE <ul style="list-style-type: none"> • Infra-red thermal sensor • Temperature sensing distance: 0.5 m • Temperature detection error: 0.5° C • Temperature resolution: 0.1° C • Temperature Range: 10° ~ 42°C 	ANDROID <ul style="list-style-type: none"> • CPU 4 Core Cortex-A17, 1.8GHz • GPU ARM Mali-T764 • Memory RAM DDR3 2 Gb, ROM NAND 8Gb • Android 7.1.1 c/w Google Play
POWER SUPPLY <ul style="list-style-type: none"> • AC 100-240V 50/60Hz 	VIDEO FORMAT <ul style="list-style-type: none"> • AVI, MKV, MPEG, FLV, ASF + many others.
